The only TRUE way to have choice for consumers is to break Microsoft into two parts

one the operating system (windows) the other all applications (i.e. non operating system programs).

Microsoft became number #1 by using if not illegal at least not ethical business practices

1. Micosoft DOS vs Dr. DOS
2. Microsoft EXCEL vs Lotus 123
3. Microsoft Internet Explorer vs Netscape Explorer

If AT&T can be broken apart, so can Microsoft !!!

Let's have a victory of the little consumer and break Microsoft into two parts
